RE: Physician's and Surgeon's Certificate No. A-98827  
Case No. 09-2012-225534

**Public Letter of Reprimand**

An investigation by the Medical Board of California revealed that you were negligent during the care and treatment of a patient. You failed to obtain a temperature in a near drowning case with Pulseless Electrical Activity (PEA) and did not confirm lack of cardiac activity by doppler or ultrasound before pronouncing the patient with PEA with a regular narrow complex at a rate of 99.

These actions are in violation of California Business and Professions Code section 2234 (c) Repeated Negligent Acts.

Pursuant to the authority of the California Business and Professions Code section 2233, you are hereby issued this Public Letter of Reprimand by the Medical Board of California.
